

# ColdLogik™

Perfect Climate Perfect Control

## When the heat is on, only ColdLogik will do!

Quite simply this is the most logical high density cooling solution on the market. The CL20 RDHx is designed to fit perfectly onto the USpace 6210 Server cabinet and can be adapted to fit any other manufacturer's 19" cabinet due to its unique retrofit frame.

- Condensate free operation
- Precision Cooling
- Modular in design
- Zero Thermal Impact
- Built in redundancy
- Variable fan speed control
- Retrofit Frame
- 20kW nominal cooling capacity (35kW capability)
